With so many appealing features, this contemporary 4BR residence located overlooking the Great Otway National Park, is one of the best opportunities we have seen under \$1m for some time. Set on a large 1004sqm (app) corner allotment, the sense of space provided by the property is a dominant theme both by the location and the very large open plan. The northern outlook over the Great Otway National Park is simply stunning and cannot be compromised. The large picture windows take full advantage of this view and also provide natural light year round. The contemporary kitchen will delight any chef and the north facing sun deck on this level will be used constantly. The second living area could double as a 5th
