5 4 3

Set opposite a world class beach and with stunning ocean views from Aireys Inlet to Lorne, "Bills O Jacks" is a totally unique residence. Solidly built and much loved for many years, the substantial 4BR residence plus a separate studio, is one of those quirky properties that takes a bit of time to understand, but everyone that stays here loves it. The original design was a response to the steep contour of the allotment and this has allowed all 3 levels to enjoy the stunning breaking surf views. Parts of the residence have been both permanently and holiday rented in the past and this summer has seen both occur, with a permanent tenant in place on the top level. Priced at close to land value for a front row position, this is a great opportunity to secure a prime position. We often find these unpolished gems get turned into investment diamonds by those with vision.
