

19 Diana Street APOLLO BAY VIC

3 1 1

On a good sized block of 585sqm, in a quiet tree lined street, this three bedroom home is well located within close walking distance to the shops, cafes and beach. With a white picket fence and a concrete drive to the carport you are delivered to the front door. A wide lobby at the entrance has a laundry adjacent and another store room. Throughout there are original hardwood floors. The kitchen is retro-original with painted white cupboards and electric cooker. The living room is spacious with a reverse cycle air conditioner, and a large entertaining deck leading off it facing north. There are three bright and light double bedrooms, two with built in robes, and a separate toilet, and central bathroom with shower, vanity and bath. The spacious backyard has a garden shed and heaps of space for pets and a vegetable garden.
