

16A Beach Road AIREYS INLET VIC

This hilltop allotment not only has a beautiful outlook, it is a genuine park the car and forget about it scenario, where all your needs are within walking distance from any future dwelling. At 468sqm (app) the allotment is only compact but with the outlook and hilltop position, any future home will have a genuine sense of space around it. It just means you will have less to look after. There are very few vacant allotments left in Aireys Inlet and with the town having less than 1200 properties in total, opportunities to buy in this popular town are limited. There is no time limit on building so that you can stagger your investment to suit your time frame. A great opportunity in a tight market.

Type : Land
Land Size : 468 sqm
