

4 Narani Way FAIRHAVEN VIC

The outlook from this picturesque and substantial 1170sqm (app) vacant allotment is superb, with ocean, river and lighthouse views.

The contour of the land is advantageous in that any future residence will enjoy street level entry directly into the top level of the residence allowing you to future proof the design. The land also provides some level of certainty in that the properties around it all established and the boundaries are all tree lined. Fairhaven has mains power, water and sewer and all are available to the allotment. Although elevated to capture the view, the property is still walking distance to the beach. Buying land also allows you to stagger your investment and there is no time limit on building. Secure your position and build your coastal dream home when it suits you.
